

“OUR MUSIC PLANET”

New for 2026: Join us on a journey around **“Our Music Planet”**. A festival of four world music concerts, celebrating the sounds, melodies and rhythms of the music, and showcasing a veritable smorgasbord of classical/traditional instruments, from different regions of the world. This is music that everyone can enjoy!

We begin in the **Indian sub-continent** with intricate, melodic and soulful classical Raagdhari music originating from **Northern India**, showcasing **Sitar**, **Sanoor** and **Tabla**.

Next stop, **Latin America** for the upbeat grooves and rhythms of Cuban folk and Latin dance (Samba, Boleros, Son etc.) music, featuring **Guitar**, **Trumpet** and **Percussion**.

Senegal, West Africa is our third destination, to savour traditional Mandinkan melodies, and a fusion of Senegalese rhythms and irresistible Afro-blues, showcasing the 21-string **Kora**.

Journey's end is the **Middle East** and **Turkey** with rich, distinctive and heartfelt Turkish, Kurdish and Middle Eastern music and songs, featuring **Oud** and **Baglama**.
